

STREAMLINE PATIENT LAB RESULTS

LANE + ORCHARD INTEGRATION

Orchard is a leading provider of laboratory information systems. They offer various solutions and services to improve laboratory efficiency, enhance integrations, and expand testing capabilities. They have thousands of laboratory analyzers and host system interfaces to provide industry-standard laboratory solutions.

By partnering with Orchard to integrate our Passport technology with Orchard, Lane executes seamless healthcare data transmission for laboratory professionals. When migrating to a new lab solution, they can remain with their current Passport license and solution, easily migrating from their current lab software to Orchard.

Are you utilizing Orchard today and want to take advantage of our faxing solution?
